Security seals for all Industries and Transports – Tampering prevention systems

° Our **PAC SAFE PLUS (VOID)** envelopes hide their numbering in the inside.

° The numbering is guaranteed to be unique and there is no way to modify it.

° Maximum security is assured by the closing system: if you try to tear off the closing tape, it will show the **tampering** attempt

° May be personalized with one or more colors.
° Width of the envelope: from 6 to 10 micron.

NOTE: in order to activate the security tape, you must tear off the transparent protection.

Some standard measures :
110x150+35 mm (4.33"x5.9"+1.37")
125x180+30 mm (4.92"x7.08" + 1.18")
170x225+25 mm (6.7"x8.85" +1")
200x260+25 mm (7.87"x10.23 + 1")
230x325+25 mm (9.05"x12.8" + 1")
260x330+25 mm (10.23"x13" + 1")
270x350+25 mm (10.63"x13.78" + 1")
275x400+25 mm (10.82"x15.75" + 1")
325x425+25 mm (12.80"x16.73" + 1")
330x430+25 mm (13"x16.93" + 1")
350x460+35 mm (13.78"x18.11" + 1.37")
495x330+35 mm (14.5"x13" + 1.37")

° Once you have torn off the tape, it will not stick and it will be impossible to hide the tampering attempt.
